With a quorum present, Professor Alice Picardo called the February special meeting of the College Assembly to order on Thursday, February 10, 2005 at 2:10 p.m. in the Rose M. Channing Danzis Amphitheater, L'Hommedieu Hall.

Professor Picardo introduced the College President of Middlesex County College, Dr. Joann La Perla-Morales.

In her remarks, Dr. La Perla commented on the warm reception extended to her by the college community during her first month at the college. She stated that she is looking forward to working with the Assembly in the future. Dr. LaPerla reminded the Assembly that on March 4 there will be a strategic planning workshop that all are invited to attend, and that next week she will be issuing “President’s Notes” which will be placed on the INFONET and will provide another means of communication with the college concerning academic and student affairs. She wished the Assembly well as the year progresses and stated that she looks forward to receiving our recommendations.

Prof. Picardo addressed the Assembly referring to this time as an exciting time, a time of transition. She said that our 37-year history as an institution of higher learning has been a story of success and an opportunity for many people who would otherwise not have had an opportunity for higher education to gain one. Our access to the community is a noble cause and so is our continued pursuit of student success. She referred to Dr. La Perla’s first address in January when she asked us, “to continue to do things large and small that make this College special.” Success is achieved, as we tell our students, by small steps taken everyday, not by grand proclamations made at the beginning of a semester. Prof. Picardo asked the Assembly to model what we teach as we move forward today. She commented that as the semester rapidly progresses, you will hear many reports and recommendations that are meant to improve what we do for our students, and how professionally and proactively we function as an institution. This is a serious responsibility where the good of all must be considered over the desire of a few. It is an ominous task that requires thought, dialogue and compromise. But in the end, the process should bring us to the betterment of the institution for the sake of our constituents the students and the community of which we are a part.”

Professor Picardo announced that Professor Marilyn Laskowski-Sachnoff, Acting Dean of Business, Computer Science and Engineering Technologies and Chair of Hotel, Restaurant and Institutional Management has agreed to be Parliamentarian. Mr. John Kruszewski, Director of Academic Advising, has agreed to maintain the College Assembly website and I would like to thank him for his continued dedication to this important task. Professor Picardo also introduced and thanked Ms. Lisa Sgro, Departmental Assistant to the College Assembly.

The Chair then proceeded to introduce the new Chairs of the Task Forces, who gave brief reports on their initial meeting on February 3.

   The Bylaws Task Force makes no recommendation at this time.
2. Recommendation:
   Charge: Examine and review 1.0906 Quorum (revised 12/2/97) with particular attention to the statement “There shall be at least three representatives from the student, faculty and administration (Deans/Chairpersons/Directors/Administrators) constituencies – and one from support staff.” Consider alternate numbers for any and all constituencies. Make appropriate recommendations.

The Bylaws Task Force makes no recommendation at this time.

After a brief discussion regarding percentages, Professor Spector stated that the Bylaws Task Force agreed that a quorum of thirteen, with three persons from each of the 4 areas cited above and one from support staff was an appropriate number for Quorum.

E. Campus Life – Dr. Christine Harrington

F. Community Concerns – Mr. Terry McGlincy

G. Curriculum - Professor Jane Liefert, Chair
Professor Liefert announced that after electing a chair, the Task Force examined charges and discussed their charge concerning the question of a catalog year and a suitable deadline (March 1) for submission of curricular charges. Brief discussion ensued concerning deadline constraints, supplemental issues, other submission deadlines, the fact that presently we have no current catalogs (hard copy), and that the catalog is a contract with the student which must be reproduced when it expires.

Professor Picardo informed Professor Liefert that in order to make a recommendation to the Assembly, the recommendation must be submitted, in writing, at least seven (7) days before the next scheduled meeting.

H. Educational Resources - Mr. Brian Richards, Chair

NEW BUSINESS
Professor Picardo announced that during May 2004, Dr. Margarete Driver, then Chair of the College Assembly, in accordance with College Assembly Bylaws, Section 1.0500, Article V, appointed a nominating committee who would present a slate of candidates for Chair-Elect at the October 2004 meeting. This committee is an autonomous group who works independently of the College Assembly. She asked Professor Xena Balabkins, Chair of the Nominations Committee, to report on their work at this time.

Meeting of the College Assembly – February 10, 2005
Prof. Balabkins reported that the committee did not meet during the fall semester, and typically, the Chair-Elect is presented at the October meeting and elected during the November meeting, so the time table has changed. The slate for the Chair-Elect will be presented at the March meeting. At that time, the committee will ask for nominations from the floor, with a possible vote in April. Professor Balabkins asked for anyone interested in nominating themselves or others to contact her at extension 3474, or the other committee members who are Dr. Richard Strugala, Professor Richard Ellison and Professor Margaret Przygoda.

Professor Picardo announced that she has also suggested to Professor Balabkins that we might place the call for nominations on the INFONET so that a greater part of the college community is aware that we are looking for nominations.

A request has come from the Department of Dental Auxiliaries for a Standards of Progress Change and has been forwarded as a new charge to Dr. Anthony Matagrano, Chair of the Academic Standards Task Force.
